and Other Funding**  
brought into Ohio – **more than  
any other state**

## National Leaders

providing the **BEST CARE** in the  
**WORLD** for all **2.3 MILLION**  
**OHIO CHILDREN** regardless of  
the family's ability to pay

### Efforts to Reduce Infant Mortality

- Working to predict, treat and prevent narcotic-dependent infants
  - Saved \$13 million in costs for hospital stays with new protocols for treatment
- Preventing prematurity through the Ohio Perinatal Quality Collaborative
- Preventing child abuse through research on sentinel injuries
- Promoting safe sleep with the Ohio AAP
- Researching new diagnosis and treatment protocols for pediatric pneumonia, the leading cause of death in children under age 5

Created the first ever and  
largest repository of  
**asthma patient information**

**Decreased cost** with innovative tool to provide  
individualized risk and severity assessments at point of care

**Children's Hospitals'**  
**Solutions for  
Patient Safety**  
Every patient. Every day.

Spearheading international  
network of **100+**  
children's hospitals to  
improve patient safety:  
**6,686** children saved  
from harm and  
**\$121 million**  
in costs saved  
(May 2016)
